# SAILING *IN THE* IONIAN

~~~~~

Our home base is in Vliho bay on the Island of Lefkas in the Southern Ionian, Greece. Apart from being one of the safest sailing areas in the world, the Ionian has some of Greece's most beautiful scenery.

There's something for everyone; sail in the morning, pull into a quiet bay for a relaxing afternoon and at night enjoy a delicious meal at a waterside taverna in one of many quaint port towns.

“Exceptional family run company with a focus on great customer service”

Really impressed with the Sail Ionian team. Every detail is covered and the overall package they provide is very well thought out. This was my first outing as skipper and I was undertaking it with two young children (2 and 5!) and a fairly inexperienced spouse. We were paired up with a carefully selected assistant skipper who helped beat me into shape over the first 3 days. As a Yachtmaster she not only got our sailing skills up to scratch but she entertained and educated the children, was a supreme tour guide and all round lovely person. We followed the informal flotilla for most of the week and were met each evening by Matt and Craig who helped with everything from long lining and stern to mooring along with ensuring we didn't have any issues with the boat. Outstanding gentlemen.

Overall this was a fantastic week in an outstanding sailing area. Winds were generally light in the morning increasing most afternoons but never above F4. Distances between ports were minimal on most days allowing plenty of time to enjoy swimming at secluded anchorages.

Before I booked I was reliably informed that Sail Ionian were the premier charter company in the region. My experience with them would only confirm that statement. Can't wait to go back.

“Couldn't rate them more highly”

From the moment we spoke to them about booking our charter to the moment they waved us off having advised us on the next leg of our journey to a hotel the staff could not have been more helpful. This was our first time of chartering, having previously only been on flotilla's, and the support that we were given gave us the confidence to make the most of the freedom of a charter and explore the fantastic bays around the area rather than being in packed in with everyone else. The boats are immaculate, everything is in good working order and the pillows and mattresses are the best I have had on a boat. Its with heavy heart that I highly recommend them as I don't want them to get too popular.
